MARRC - Manitoba Association for Resource Recovery Corp.

One Drop of Used Oil Makes a Difference.

Everyone in Manitoba has done an exceptional job of recycling used motor oil (75% recovery), oil filters (66%) and oil containers (58%). However, when you consider that a single litre of used oil can contaminate a million litres of ground water, it is clear that more needs to be done. That is why we must encourage people to ensure every drop of used oil, every filter, and every container is returned to a collection facility during regular hours so it can be disposed of properly.

REMINDER

By-Law 3/98

No person shall park any trailer on a road, street, lane, or boulevard within the Town of Swan River for more than 7 consecutive days or for more than 14 days in a 365 day period

RODENT PREVENTION TOP TIPS

- 1) Keep foodstuffs in metal or glass containers with tight fitting lids.
- 2) Tidy inside the house and around the garden - less clutter means less places to hide.
- 3) Put outdoor rubbish bags in proper bins with tight fitting lids to stop rodents feeding from contents.
- 4) Clean up pet food and bird seed debris, and store pet food in robust containers with fitted lids - preferably above ground level.
- 5) Keep gardens free from debris and keep clutter to a minimum.
- 6) If you have a compost heap don't include organic food waste, as this will attract rodents.

Following these few guidelines will help keep our town tidy and rodent free.

Richardson Recreation & Wellness

Swan Valley Credit Union Aquatic Centre 1424 1st Ave. North - www.swanvalleyrec.ca - 204-734-4119
