Fall Cleanup 2019

Fall Cleanup will take place October 7th to 11th one pass through town. We will follow the garbage schedule as close as we can. There will be no call backs. Only grass, yard wastes, and branches under 1" in diameter will be picked up. Please bundle and bag your waste for easy loading. No construction materials, stones, bricks, large trees / branches, or material other than that specified will be picked up.

For more information please call the Town Office at 734-4586.

Rodent Concerns

For property owners having a problem with rodents the following is a short list of actions to prevent occurrences of rodent infestations;

1. Maintain a clean and refuse free property.
2. If you need to feed pets outside leave small amounts at a time.
3. Clean excess material from beneath birdfeeders to limit food sources.
4. Ensure that access to outbuildings (garage/shed) and skirted decks is prevented and monitored regularly.
5. Piles of wood or other materials which could be burrowed under should be supported off the ground a minimum of 6".
6. Mobile home owners should ensure that skirting is maintained in good order and the skirted area is monitored for signs of rodents such as droppings, chewed material and burrowing.
7. Under no circumstances should straw bales be used for insulating around homes.

For the most part the first action will go far in preventing a rodent problem on your property. Contact our office or Animal Control 734-4586 to report any concerns.

Make every drop count.

Manitoba's Used Oil Recycling Program

Recycle your used oil, filters, containers & Antifreeze

HIGHWAY TRAFFIC ACT

123(1) A driver shall not stop, stand or park a vehicle other than on the right side of a Highway or Street, and with the right hand wheels parallel to that side.

The Communities in Bloom Committee and the Town of Swan River would like to take this opportunity to Thank the businesses and citizens of Swan River for their extra effort in making our Town beautiful. The Communities in Bloom judges were very impressed with all aspects of our Town. We visited the landfill, recycle depot, Harley House, food bank, cemetery, and legion club rooms. We walked the Legion Park, Rotary Park and Rotary walking path and visited the Museum. Thank you to Super 8 for accommodations and special recognition for the Swan Valley Historical Museum, Recycling and Landfill. *Thanks again!* The judges awarded us 5 Blooms Bronze plus 2 recognitions.

HELP KEEP OUR TOWN CLEAN

Please keep lids closed on Garbage Dumpsters and Cans to stop pests from getting into garbage. All residential and commercial garbage must be in proper containers as per Town of Swan River By-law No. 5/2013.

Pet owners are asked to feed their pets indoors, or not leave food outside for extended periods of time which attracts unwanted pests. We thank you for your co-operation.

Sewage Flushing Concerns

The flushing or drainage of material other than human waste and gray water within a public sanitary sewer system is prohibited. Large items such as disposable diapers and clothing/towels are causing problems within our sewage lift stations by jamming pumps and limiting our pumping capacity within these stations. We also remind residents never to dump hazardous materials such as paint and solvents into the sewer system as these items are injurious to the piping, pumping and dumping zones within the system. We appreciate your cooperation in preventing these potentially costly or dangerous situations.

If you have any questions please call the Town Office at 734-4586.
